

# Traditional Caskets and Urns

Our traditional range encompasses our particleboard/MDF and wooden veneered options. New Zealand MDF is made from renewable, sustainable local forests (predominantly pine). Our caskets are available with flat lid or raised lid options and most have matching urns.

All Paterson's caskets are made by local tradespeople.

Speak to your Funeral Director about which option works best for you.

# A True Eco Friendly Timber Casket

Hand crafted in Christchurch by quality tradesmen.  
Our Eco-Friendly, *Eco Caskets* are made with water based glues, minimal use of screws and pins and locally sourced timber, grown sustainably here in New Zealand, to reduce the carbon footprint and impact on the environment.

Eco Caskets feature a natural finish, solid pine construction on the lid and sides and a plywood bottom for a sturdy base.

Choose from natural finish, solid pine, wooden handles or natural fibre rope handles.

# Willow

A fast growing, eco-friendly and sustainable material, which benefits from regular cropping.

Willow absorbs, and locks in, carbon dioxide during growth. When buried the CO2 remains locked in. If cremated, only the same quantity is released back into the environment - making it 'Carbon-Neutral.' Willow grows without the need for fertilisers, and actually builds fertility in poor or depleted soil.

# The delicate Art of Cloisonné

Cloisonné is a centuries old enamelling technique, which consists of soldering delicate silver wire onto a metal surface. Once a design is created, the resulting cellular spaces, called cloisons (French: “partitions” or “compartments”) are filled with enamel paste. Multiple options to suit your needs, available in two designs Etienne Autumn Leaves and Etienne Butterfly.

# A Goodbye to Remember

A photographic tribute or slideshow is an emotive and memorable way to remember and celebrate the life of your loved one.

Photographs of special memories can be provided in their original format or as scanned images on a USB, our dedicated graphics team will then retouch and enhance any damaged images and set them to music.

The tribute can be played at the funeral, memorial or during refreshments and becomes a nostalgic keepsake which can be watched and shared, again and again.
